Welcome!

A herd rivalled as one of the true pioneers of the Australian Wagyu industry.

Sumo Wagyu's seedstock operation of 1400 premium fullblood Black and Red Wagyu is situated in Grafton, New South Wales, Australia, 313 kms south of Brisbane in the Northern Rivers Region.

Welcome to our Annual Bull Sale!

It is with great pleasure that we welcome you all again to our Sumo Wagyu Annual Bull Sale.

Each year our team selects an exceptional range of bulls and genetics for you, and this year is no exception.

From the early 1990's Sumo Wagyu foundation genetics have formed the basis of more than 80% of legendary Australian Wagyu operations and have been remarked over the years as producing herd superstars in both Australian and overseas ventures.

With the requirements of an Australian grazer always at front of mind, Sumo Wagyu's core focus has always been on building strong maternal qualities for future Wagyu generations. These being: fertility rates, low birth weight and calving ease, growth rates and milk production.

However, what truly makes Sumo Wagyu genetics so unique is the careful balancing of premium maternal lines with outstanding carcass performers (marble score and carcass weight trait leaders). This balance is not only extremely difficult to achieve, but requires a systematic assessment, recording and in-depth knowledge of Japanese bloodlines and genetics.

With the advancement of 100K SNP genomic evaluation, Sumo Wagyu is able to obtain greater accuracy to predict future rising stars and incorporate them into breeding programs to enhance the overall genetic performance of the herd.

We hope you enjoy our sale today and we look forward to hearing about your success stories!

LIVESTOCK AUCTION TERMS and CONDITIONS OF SALE

CHAPTER ONE - PRELIMINARY

1. (a) A vendor is bound by these terms and conditions by offering livestock for sale by auction.
- (b) An agent (which includes an auctioneer) is bound by these terms and conditions by conducting an auction sale.
- (c) A buyer is bound by these terms and conditions by bidding at auction.
2. (a) In these terms the expression auctioneer, agent, buyer and vendor respectively includes the servants, contractors, agents of each of them. The auctioneer, agent, buyer and vendor shall be wholly responsible for the acts and omissions of their respective servants, contractors and agents. The term "auctioneer" includes, so far as the law and context permits, the vendor's agent.
- (b) When used in these terms the expressions "companion animals" means all animals originating from a property on a particular day. Where lots are split and sent to multiple establishments, then all of these animals shall be regarded as companions.
3. The following applies in interpreting these terms and conditions:
 - (a) The following words have the following meanings:
Fees means all levies, charges, fees, costs and other expenses incurred or relating to these terms and conditions and the sale and purchase of livestock including, without limitation, transaction levies, yard and weigh dues, cartage, advertising and rebates, and whether paid for, or incurred, by the agent;
Livestock means animals auctioned pursuant to these terms and conditions; and
Price means the amount at which the lot has been sold to the buyer referred to in clause 7 of these terms and conditions
 - (i) plus any Fees and other expenses incurred in relation to the purchase of livestock that are payable by the buyer; and
 - (ii) plus any GST added in accordance with clause 12.
 - (b) These terms and conditions are subject to legislation or regulation in the State in which the auction is conducted and in the event of any conflict then the legislation or regulation will prevail. The provisions of these terms and conditions are in addition to, and do not derogate from, the duties and rights of vendors, agents and buyers set out in legislation and regulation in the State in which the auction is conducted.

CHAPTER TWO- STANDARD TERMS OF SALE

4. Subject to any reserve price, and to the right, prior to the fall of the hammer, of the vendor to withdraw any lot without declaring the reserve, the highest bidder shall be the buyer.
5. The auctioneer has the right to bid on behalf of the vendor provided that right is notified prior to the commencement of the sale and is subject to State law.
6. A bid cannot be made or accepted after the fall of the hammer unless, in accordance with clause 8, the auctioneer decides to put the lot up again.
7. The last price called by the auctioneer at the fall of the hammer shall be the amount at which the lot has been sold.
8. In the event of a disputed bid, the auctioneer is the sole arbitrator of the successful bidder or the auctioneer may decide to put the lot up again. The auctioneer's decision is final.
9. The auctioneer may refuse to accept any bid which, in the auctioneer's opinion, is not in the best interests of the vendor and need not give reasons for doing so.
10. A bidder shall be deemed to be a principal unless, prior to bidding, the bidder has given to the auctioneer a copy of written authority to bid for or on behalf of another person.
11. The successful bidder at a livestock auction sale must give to the auctioneer at the fall of the hammer:
 - (a) the purchaser's name; or
 - (b) the bid card number which identifies the purchaser; or
 - (c) the name of the person on whose behalf the successful bid was made;
- and
- (d) the Property Identification Code (known as the "PIC") of destination.
12. The auction shall be conducted on the basis that the bid price shall be exclusive of Goods and Services Tax (GST). GST shall be added after the fall of the hammer for those sales subject to GST.
13. As soon as practicable after the fall of the hammer, the buyer shall if requested by the agent, sign the agreement for sale.
14. If a buyer does not comply with any of these terms and conditions, which includes the requirements of State law, any livestock knocked down to that buyer may be re-sold by public auction or private contract in whatever lots and manner the auctioneer decides. There-sale may be with or without notice and shall be at the buyer's risk. The buyer is responsible for all loss and expense arising out of a re-sale and is not entitled to any resulting profit.
15. The buyer of livestock must pay the agent the full amount of the purchase price in immediate funds on receipt of a tax invoice. Payment is required prior to delivery unless some other time for payment is specified in a written agreement between the buyer and the auctioneer that was made before the fall of the hammer. If, before delivery, payment has not been made then clauses 20 to 23 apply.
16. No person may bid unless, prior to the commencement of the sale, that person has made arrangements satisfactory to the auctioneer for payment for livestock purchased. If bids in breach of this condition are inadvertently accepted, delivery shall not be given until the purchase money is paid and any law, rule or practice to the contrary is accordingly negated as far as possible.
17. (a) Cattle sold on a liveweight basis that are weighed pre-sale are at the risk and expense of the buyer upon the fall of the hammer.
- (b) Cattle sold on a liveweight basis that are weighed post-sale are at the risk and expense of the buyer immediately after weighing.
- (c) All livestock other than cattle sold on a liveweight basis are at the risk and expense of the buyer upon the fall of the hammer.
18. (a) Subject to this clause the sale is complete on the fall of the hammer.
- (b) The time for rejection is the time commencing at the fall of the hammer and ending at the first of:
 - (i) delivery is taken by a representative of the buyer;
 - (ii) departure of the animal from the purchaser's delivery pen; or
 - (iii) one hour after the last animal is:
 - a. in the case of pre-sale weighing, sold; or
 - b. in the case of post-sale weighing, weighed.
- (c) During the time for rejection the buyer may reject any animal which is lame, blind or diseased where that condition existed prior to the fall of the hammer but could not be reasonably observed when the animal was in the selling pen.
- (d) If the purchaser rejects an animal during the time for rejection then the sale of that animal is cancelled and the animal is returned to the vendor or sold on such terms as any buyer and the agent may agree, after the agent has disclosed the reason for rejection to that buyer.
- (e) This sub-clause applies only to cattle which are sold in Queensland at auction for slaughter. The agent has responsibility for the prevention of loss or escape (but not death, sickness or injury) of those cattle from the time of the fall of the hammer, through delivery to and from the scales, to the buyer's delivery pen and on to the buyer's nominated transport. This responsibility ends at the earlier of those cattle boarding the buyer's nominated transport or sunset on the day after the sale. This sub-clause does not apply if the agent makes an announcement to that effect prior to sale.
19. (a) Subject to the right of rejection in Clause 18, all conditions and warranties expressed or implied by law are hereby excluded from the sale to the extent that the law allows. All lots are open for inspection prior to the commencement of the sale and are sold with all faults, if any. No compensation shall be given for any faults, imperfections, errors of description, number in or of any lots sold or otherwise.
- (b) Any claim or objection arising out of an error or misdescription in the provision of relevant information in terms of legislation or regulation concerning the National Livestock Identification Scheme (NLIS) must be made by 5:00pm on the seventh day after the fall of the hammer. No objection, requisition or claim against the vendor or agent in respect of such error or misdescription can be made after that time.
- (c) Any statements made by the vendor or the auctioneer whether in writing or orally to the effect that any female has been pregnancy tested or scanned positive shall mean and require only that a certificate in writing shall be supplied to the buyer signed by a qualified veterinary surgeon or certified scanner certifying that the said female has been tested or scanned on the date specified in the certificate and that in the opinion of the surgeon or scanner the female was pregnant on that date.
- (d) For cattle, the agent undertakes to make every reasonable effort to ensure that any NLIS cattle device number is transferred from the saleyard account to the purchaser's account on the NLIS database no later than midnight on the day of the sale.
- (e) Where livestock have a food safety or market eligibility status derived from the NVD and/or the NLIS/ERP database, the agent will inform the buyers by presale catalogue in conjunction with vendor branding and/or announce the status prior to the offering of those lots.
20. If delivery is made to, or possession obtained by, the buyer or its representative before full payment of the Price, then until full payment is received, the buyer:
 - (a) does not acquire title to the livestock;
 - (b) holds the livestock as bailee only for the vendor;
 - (c) must act in a fiduciary capacity in its relationship with the vendor;
 - (d) must store the stock separately or so that they are readily distinguishable from other livestock owned by the buyer;
 - (e) is responsible for the safety and well being of the livestock;
 - (f) may make a bona fide sale for market value of any or all of the livestock. As between the buyer and the subsequent buyer, the sale shall be made by the buyer in its own name and not as agent for the vendor, however as between the vendor and buyer, the sale shall be made as bailee and agent for the vendor; and
 - (g) must keep and account for the proceeds of any subsequent sale separately from its other money and hold those proceeds, together with the benefits of any rights against subsequent buyers, on trust for the vendor.
21. In addition to clause 20, if payment is not made according to clause 15, but delivery has been made to, or possession obtained by, the buyer or its representative:
 - (a) The vendor or its agent may repossess and resell the livestock and enter property owned or occupied by the buyer or its representative if necessary to do so; and
 - (b) Interest may be charged at the rate usually charged by the agent for overdue accounts on any amounts which remain owing at any time.
22. The buyer may not make any claim against the vendor for actions by the vendor or its agent under clauses 20 or 21 and indemnifies the vendor and its agent against any loss, damage, costs, expenses, penalties, fines or claims suffered by the vendor, the agent or any person or entity arising from the vendor exercising its rights under clauses 20 or 21.
- 23.1. Clause 23 applies whenever the agent pays the vendor before being paid by the buyer, which the agent is not bound to do. The agent is then the del credere agent of the vendor at law.
- 23.2. The vendor hereby gives notice to the buyer of the assignments referred to in clause 23.3.
- 23.3. When this clause applies, in addition to any rights of the agent that arise by operation of the law, the parties agree that, subject to clause 23.6 the agent is subrogated to all rights of the vendor under these terms and conditions against the buyer.
- 23.4. Title to the livestock does not pass to the agent or a nominee of the agent unless the agent, by written notice to the vendor, notifies the vendor that it is to be transferred to the agent or a nominee of the agent.
- 23.5. The vendor acknowledges that the agent may take enforcement, repossession or other action to recover any livestock for which the buyer has not paid in full, or the Price of such livestock, owing by the buyer under these terms and conditions:
 - (a) when this clause does not apply, as agent of the vendor (including by reselling the livestock); and
 - (b) when this clause applies, on the agent's own behalf exercising the rights of the vendor by subrogation or assignment under these terms and conditions (whether in the vendor's name or not) and, where title to the livestock has not passed to the agent, by selling the livestock as agent of the vendor without the agent having to account to the vendor for the proceeds of sale.
- 23.6. The agent may at any time, assign, transfer, securitise or otherwise dispose of all or any of its rights under these terms and conditions and any debts created pursuant to it (including, without limitation, the rights assigned to it under clause 23.3).
- 23.7. The vendor hereby irrevocably appoints the agent as the vendor's attorney to:
 - (a) do at any time and in any manner as the agent thinks fit all acts necessary or desirable to perfect or improve the rights and interests afforded, or intended to be afforded, to the agent under these terms and conditions; and

- (b) appoint one or more sub-attorneys to do anything that the agent may do as the vendor's attorney.
- 23.8. These terms and conditions do not render the agent liable to the buyer as vendor nor entitle the buyer to set off against the agent any right the buyer may have against the vendor or otherwise.
- 23.9. The buyer acknowledges that the provisions of this clause 23 are intended solely for the benefit of the agent (and its assigns) and the vendor. The liabilities and obligations of the buyer will not be in any way affected:
- (a) by this clause 23, other than as it expressly provides; or
- (b) by the failure of the agent or the vendor or either of them to comply with the terms of this clause 23.
- 23.10. The buyer must pay all amounts payable to the vendor or the agent under these terms and conditions without any deduction, withholding, set off or counterclaim whatsoever, whether the benefit of a deduction, withholding, set off or counterclaim is alleged to exist in favour of the buyer as against the vendor or the agent in any capacity whatsoever or any other person including any assignor of the vendor's or the buyer's interests under these terms and conditions.
24. (a) The agent agrees that he is liable to pay to the vendor the Price, less such commission as is agreed between the vendor and the agent, and in the absence of any agreement such amount as is reasonable, and less the Fees that are payable by the vendor that were incurred by the agent on behalf of the vendor in relation to the sale of the livestock.
- (b) In the event that the buyer pays the Price or part of it direct to the vendor then the agent has no liability to the vendor for the amount of such payment. Further, if the agent pays the vendor any amount which the buyer also pays direct to the vendor in respect of the same livestock, then the vendor must repay the agent that amount and the agent may debit that amount to an account held in the name of the vendor by the agent.
- (c) Regardless of whether or not a sale has occurred the agent may, but is not under obligation so to do, instead of deducting payments owed to it by the vendor, debit the amount of the commission and fees to an account held in the name of the vendor by the agent.
25. (a) The auctioneer has been retained by the vendor as auctioneer for the purpose of selling the livestock comprised in the lots. The terms of engagement between the auctioneer and the vendor do not extend to the provision of advice by the auctioneer to the vendor in relation to the safety or otherwise of the saleroom, the sale yards and the surrounding environments.
- (b) The vendor, the agent and the buyer agree to comply with their several duties under the Australian Welfare Standards and Guidelines for the Land Transport of Livestock and further to consign, manage, receive, transport and treat livestock in accordance with any other or additional requirements of animal welfare legislation specific to the State or States in which livestock are consigned, managed, received, transported and treated in the course of the auction process.

CHAPTER THREE - VENDOR WARRANTY FOR CORRECT PRESENTATION AND DECLARATION

26. This chapter applies only in the case of livestock and their companion animals sold at auction for slaughter when the buyer is the slaughterer and the livestock are transported direct from the sale yard to the meatworks at which they are slaughtered. This chapter does not apply if the buyer is a trader who subsequently resells the livestock to a slaughterer. A slaughterer is any person who pays the AMPC Processor levy.
27. The warranty of a vendor is that livestock and their companion animals offered for sale at auction:
- (a) pass DAFF and other regulatory authority requirements and inspections at the time of slaughter; (DAFF refers to Federal Government Department of Agriculture, Fisheries and Forestry);
- (b) are of merchantable quality;
- (c) carry an NLIS device in accordance with State law;
- (d) in the case where a representation has been made in the pre-sale catalogue that the livestock have particular characteristics or are fit for a particular purpose or market, and such representations are based on information in the National Vendor Declaration, the livestock will have those characteristics or will be fit for the particular purpose or market; and
- (e) all information in any National Vendor Declaration provided by the vendor is true, complete and correct in all material respects.
28. In the event of a breach by the vendor of the vendor's warranty and provided such breach is notified by the buyer to the agent by 5:00pm on the 7th day after the fall of the hammer then the buyer is not liable to pay the portion of the Price of such of the vendor's livestock to which the breach applies.
29. However if the breach by the vendor is such that the livestock are not rejected outright but are instead downgraded then the buyer will pay the value of the livestock at their next highest and best use.
30. In the case of a breach by the vendor of the vendor's warranty then the vendor will also be liable to the buyer for any further losses which the buyer might establish but the buyer will take all reasonable steps in co-operation with the agent and vendor to mitigate both the effect of the breach and the amount of any loss.
31. Where a sentinel animal of a lot tests positive for chemical residue, or foreign material contamination and provided such test is certified and notified as required by these vendor warranty terms, then:
- (a) the buyer will be entitled to delay payment for the price of all livestock in that lot; or
- (b) the vendor has the option, at the vendor's cost, of collecting the companion animals and returning them to the vendor's property; or of having the livestock slaughtered in which event the risk of further condemnations will be that of the vendor. Where product integrity is potentially jeopardised, the Processor has the right to refuse slaughter and send the livestock back to the consigning property at the vendor's cost.
32. The auctioneer is liable to the buyer in respect of any breach of the vendor's warranty arising out of:

- (a) any error, by the auctioneer, of transcription of information from the National Vendor Declaration completed by the vendor to the pre-sale catalogue or the buyers post-sale summary;
- (b) any failure by the auctioneer to notify the buyer, prior to bidding, of any breach by the vendor of the warranty of the vendor if the buyer establishes that the agent knew of such breach prior to the sale; and
- (c) any failure by the auctioneer to disclose prior to bidding, and in the pre-sale catalogue, that the vendor has failed to provide a National Vendor Declaration that is complete in all material aspects.

CHAPTER FOUR-OWNERS RISK FOR CONDITION OF CATTLE

33. This chapter applies only in the case of cattle and their companion animals sold at auction for slaughter when the buyer is the slaughterer and the cattle are transported direct from the sale yard to the meatworks at which they are slaughtered. This chapter does not apply if the buyer is a trader who subsequently resells cattle to a slaughterer. A slaughterer is any person who pays the AMPC Processor levy.
34. Owners risk reflects the producer's responsibility to provide slaughter cattle for sale that are fit for human consumption. Cattle are fit for human consumption if they are not condemned as unfit by AQIS. Owners risk applies if the condemnation is due to a condition in the animal which the buyer establishes, by the AQIS certificate, existed prior to the fall of the hammer.
35. A buyer with the benefit of owners risk protection is not liable to pay the Price of that animal to the vendor. The buyer remains nevertheless liable for all costs incurred after the fall of the hammer in transport, slaughter, testing and disposal of the animal.
36. Owners risk protection is available to the buyer of cattle to which this chapter applies if all of the following are satisfied:
- (a) a certificate is issued by AQIS which states the relevant NLIS RFID tag number and PIC, the date of the certificate, the reason for condemnation and that the reason for condemnation existed prior to the fall of the hammer;
- (b) the certificate is received by the selling agent either in its original form or by fax by 5:00pm on the 7th day after the fall of the hammer; and
- (c) if the condemnation is due to chemical residue the certificate follows testing in an AQIS approved laboratory which establishes maximum residue limits in excess of the Australian limit.
37. Owners risk does not apply, and the buyer must pay for the cattle, if the reason for condemnation is any of the following:
- (a) bruising,
- (b) fever,
- (c) partial condemnation, or
- (d) emaciation.

CHAPTER FIVE - NOTICES REQUIRED BY STATE LEGISLATION

NSW Legislation

Property, Stock and Business Agents Act 2002 Warnings
Penalties for collusive practices. It is an offence against the Property, Stock and Business Agents Act 2002 for a person to do any of the following as a result of a collusive practice, or to induce or attempt to induce another person by a collusive practice to do any of the following:

- (i) to abstain from bidding; or
- (ii) to bid to a limited extent only; or
- (iii) to do any other act that might prevent free and open competition.

Severe penalties may be imposed on persons convicted of collusive practices. The auctioneer has the right to make one bid on behalf of the vendor if the auctioneer clearly and precisely announces that fact prior to the sale.

Tasmanian Legislation

The auctioneer must not appear to acknowledge a dummy bid. A buyer must not give, agree to give or offer a gift or other consideration to a person for abstaining from bidding and a person must not accept any gift or consideration for abstaining from bidding.

A person must not participate in collusive practices by way of making or receiving an unlawful promise to abstain from bidding, not to bid except to a limited extent or do any other thing which may prevent free and open competition.

Western Australian Legislation- Auction Sales Act 1973 S31 NOTICE

It is an offence to:

- (i) induce or attempt to induce another person to abstain from bidding by means of a promise, expressed or implied, that the other person will have the right to elect to take over as buyer or to toss or draw lots to establish who is to become the owner;
- (ii) abstain or agree to abstain from bidding as a result of such a promise;
- (iii) knowingly enter or permit or cause to be entered in the auctioneer's record any name other than that of the actual successful bidder;
- (iv) enter in the auctioneer's record the name of the buyer other than that of the actual successful bidder; or
- (v) in the case of successful bidder supply wrong information as to the name of the buyer to the auctioneer or to any person, firm or corporation on whose behalf the sale is conducted.

The vendor, or any person on behalf of the vendor, or the auctioneer have the right to make no more than three bids.

HOW TO REGISTER with ELITE LIVESTOCK AUCTIONS

Simply go to
www.elitelivestockauctions.com.au
using your desktop, laptop, iPad, iPhone
or android device.

Click on the **"Sign Up"** page / link

Create a bidding profile using the bidder
registration page.
(You can either register as a livestock
agent, company or private buyer)

Agree to the Elite Livestock Auctions
Terms & Conditions and the Selling
Agents Sale Terms & Conditions as
printed in the official Sale Catalogue

Click **"Register"**

You will then be notified by email that an
account has been created.

Once an account has been created you
are all **"Set to Bid"**

Each Auction can then be viewed by
clicking **"Live Auction"** logo on the Elite
Livestock Auctions website.

Once you receive email notification that
your account has been created please
go to the sale you wish to bid at and
click **"Request to Bid"**

The sale will then approve your appli-
cation to bid and on the sale catalogue
you will see **"✓ Bid Request Approved"**

On Sale day simply login, click **"Enter
Auction"** on the catalogue page and you
can start bidding.
(There is no need for software download)

At the completion of the auction,
invoicing will be carried out as per
your registration details by the Selling
Agents.

NOTES: Bred by Simon Coates, Coates Itoshigenami G113 delivers proven performance, power and predictability. G113 has been recognised as one of the most dominant carcass sires in the Australian Wagyu herd book, with greater than 60% of his carcasses graded 9 or 9+ with an average Carcass Weight of 497kg. His standout Breedplan figures are backed by over 90% accuracy in marble score, carcass weight and growth EBV's, deserving him a top #1 ranking as the ultimate sire.

NOTES: Sumo Itoshigenami Q85 is a significant new addition to Sumo Wagyu's top sire line up. An outstanding son of sire Coates Itoshigenami G113, Q85 delivers Wagyu breeders a precision balance in both high marble score and carcass weight performance traits. His pedigree is bursting with proven carcass potential from both G113 and the maternal sire: Sumo Michifuku F154, who has recorded a M/S Avg. of 8.15 and C/W of 449kg from 40 analysed progeny. Q85 is a star of his generation.

NOTES: Sumo Monjiro Q51 delivers powerhouse carcass performance with top 1% rankings in both carcass weight and maternal growth EBV's along with excellent marble score potential. Q51's pedigree is a perfect example of counterbalancing carcass and maternal performance traits. The inclusion of some of the most phenotypically outstanding and genomically consistent high performing cow families in the Sumo Wagyu herd (Hikohime 34/3 and Dai 2 Kinntou 3) along with a high predictability in marbling from sire Sumo Michifuku F154, Q51 easily achieves great ranking across all four Wagyu Breeder indexes.

NOTES: Door Key P158 is an outstanding son of the proven high performing sire: Longford Mr Awesome, winner of the AWA and Stockyard Kerwee Feedlot Sires Progeny Test and Net Feed Intake Awards 2021. Mr Awesome's Top 1% Marble Score and his SRI Breedplan rankings are well supported with over 94% accuracy in M/S EBV of +2.9 (59 carcass progeny). Sumo Wagyu selected Door Key P158 due to his high marbling potential. P158's pedigree is backed up with proven carcass performance from the maternal sire: Macquarie Wagyu Y408 who boasts a +2.3 M/S EBV with over 94% accuracy (62 carcass progeny).

NOTES: P141: Sumo Itomichi P141 has been identified as a highly ranked maternal trait sire, necessary for successful rotational breeding. P141 is sired by Itomichi 1/2 (modern Itozakura line) who maintains highly heritable female development traits of growth, milk, carcass weight and marbling required for herd improvement. Sumo Wagyu's most recent kill data from Itomichi 1/2 has recorded a M/S Avg: 8.5 and 422kg over 6 carcass progenies. P141's dam: G111 stands tall at 800kg with a rock-solid genetic combination of proven sires: Itoshigenami C0158 and Terutani 40/1.

 SUMFU2208 SUMO MICHIFUKU U2208 (AI) (ET)
 IMUFR3259 TF DAI 2 KINNTOU 35/3 (IMP USA) (ET)

NOTES:

F126: Sumo Wagyu's most consistent carcass performer producing Avg: M/S 8.3 and Avg: C/W 432kg over 66 analysed carcasses. A beautifully balanced sire across both maternal and carcass traits with high predictability to increase growth and marbling quality in resulting progeny. The Tajima content of F126 is heavily influenced by Monjiro, considered by Japanese breeders to be one of their most outstanding sires.

USA Reg. No: FB42657

NOTES:

D233: A highly desired out-cross sire with a notable marble score EBV +1.4, based on proven carcass results Avg: M/S 7.5 and Avg: C/W of 436kg from 36 analysed carcasses. Sumo Shikikan D233 originates from a combination of two of the most influential foundation animals in the Australian Wagyu herd book: TF148 Itoshigenami and World K's Suzutani. These foundation genetics have put a powerful stamp of quality carcass traits into their progeny, particularly in extensive marbling and eye muscle area.

NOTES: TERUTANI 40/1: One of the original sires imported by Sumo Wagyu from master breeder Shogo Takeda. Terutani 40/1 has proven himself to be one of the true foundation sires of the Australian Wagyu industry due to his incredible ability to effectively deliver perfect balance across maternal and carcass performance traits (growth, carcass weight, marbling and milk). Terutani 40/1's dam is the great foundation female TF Dai 2 Kinntou 3, whose presence strengthens the accuracy of producing profitable carcass offspring along with strong maternal development opportunities.

NOTES: Sumo Michifuku S283 is a well balanced son of one of Sumo's newest sires: Sumo Michifuku P173. P173 has been highlighted as one of the highest marble score ranked sons (M/S +3.1) of Sumo Michifuku F154 another industry trait leader with proven carcass data of: avg. M/S of 8.2 and avg. C/W 449kgs over 40 analysed progeny. S283's dam, Sumo Fuku M156, is a granddaughter of Sumo Itoshigenami X81, Sumo's most awarded carcass performer, and an outstanding descendent of the influential Chiyotake maternal line, that has produced a myriad of high performing Australian Wagyu sires.

NOTES: Free from all recessive conditions, Sumo Itoshigenami S243 is a solid bull with a great marble score (+2.2) and carcass weight (+34kgs). Sired by Sumo Itoshigenami Q85, a son of Coates Itoshigenami G113, S243 offers precision balance in both high marble score, carcass weight and maternal traits. His pedigree is bursting with proven carcass potential from both G113, and Sumo Michifuku F154. Sumo Itoshigenami S243's dam, Sumo Fuku P730, is a daughter of one of Sumo's most consistent carcass performers: Sumo Michifuku F126 (avg. 8.3 M/S and avg. C/W 432 over 66 analysed carcasses).

NOTES: Sumo Itoshigenami 22T123 is ranked top 10% with EBV marble score of +2.2 and SRI of +\$227. Sired by Sumo Itoshigenami Q201, a new upcoming Sumo sire, and a grandson of Coates Itoshigenami G113. G113 is one of the highest ranked bulls in Australia, and recognised as one of the most dominant carcass sires in the Australian Wagyu Industry Herdbook. Sumo Itoshigenami 22T123 provides balance in maternal traits as well as great marbling qualities, which is evident in his EBV data.

The dam of Q201, Sumo Ruki E255, has produced a M/S 10 with C/W of 511kg.

NOTES: Ranked top 5% across all 4 Wagyu Breeder Indexes and with great maternal traits and marbling, Sumo Itoshigenami S219 is a fantastic bull. Sired by Sumo Itoshigenami Q85, whose maternal pedigree celebrates three of the very best and most consistent marbling sires of the breed: TF148 Itoshigenami, Shikikan and Sumo Michifuku F154. Sumo F154, who sired the dam J206, has consistently produced outstanding carcass results with avg. M/S 8 and avg. C/W 449kgs over 40 analysed carcasses.

Additional carcass data results: Sumo Kan D228, has produced avg. M/S 10 and avg. C/W 448kg over 2 analysed carcasses.

NOTES: Sumo Itoshigenami S203 is a solid bull with a generous marble score of +1.9 and top 5% carcass weight of +58kgs. Sired by Sumo Itoshigenami Q85, a son of Coates Itoshigenami G113, S203 offers precision balance in both high marble score, carcass weight and growth traits. His pedigree comes with a double cross of Sumo Michifuku F154 - who has consistently produced profitable carcass results averaging: M/S 8 and C/W 449kgs over 40 analysed carcasses.

On the maternal side we have Sumo Shikikan D233 - a highly desired out-cross sire with a notable marble score of +1.4.

NOTES: Another outstanding bull with great carcase weight and marbling potential. Sumo Michifuku S615 shows strength in EMA, carcase weight and marble score EBV's and is a son of Sumo Michifuku P647, who has been identified as the highest marble score ranked son of sire: Sumo Michifuku F126 (recent data shows avg. M/S 8.3 and C/W of 432kgs over 66 carcasses for F126). The granddam, Coates Nami D220 is one of Sumo's most consistent and valuable flush cows, who has also proven her carcase potential recording two M/S 10 progeny. On the maternal side - Sumo Michifuku F154, who consistently produces profitable carcase results.

NOTES: Sumo Michifuku S457 is a well balanced son sired by Sumo Michifuku L81, a promising son of elite sire Sumo Michifuku F154. This sire, L81, has proven his carcase potential producing an average M/S 9 and C/W of 386kg over 4 analysed progeny. S457 boasts a top 5% marble score of +2.6 and has great strength in growth and maternal traits. His dam, Sumo Fuku N142 is a daughter of one of Sumo's most consistent carcase performers - Sumo Michifuku F126. F126 is a beautifully balanced sire across both maternal and carcase traits with high predictability to increase growth and marbling quality in resulting progeny.

NOTES: Sumo Itoshigenami S365 is sired by Sumo Itoshigenami P33, an upcoming new sire. S365's pedigree is further enhanced by P33's dam - Coates Tani E066, one of Sumo's most fertile and consistent embryo producers. Her sire, Terutani 40/1 is one of the most sought after, all round foundation sires in Australia, imparting tremendous carcase weight and milk to his progeny. On the maternal side, carcase data for Sumo Michifuku G003 shows an avg. M/S 7.5 and C/W of 450kg from 15 analysed carcasses. The foundation genetics in this bull put a powerful stamp of quality carcase traits in their progeny, including eye muscle area.

NOTES: Free from all recessive genetic conditions, Sumo Itomichi S431 is ranked top 5% in carcase weight with an amazing C/W EBV of +57kgs. His sire, Sumo Itomichi P141 is a son of Itomichi 1/2 (modern Itozakura line), who brings strength in growth, milk, carcase weight and marbling, which is evident in S431's data. S431's dam, Sumo Nami J473, is a daughter of Sumo Itoshigenami C0158, who maintains balance across breeding values due to the presence of superior matriarch cow line TF Dai 2 Kintou 3 in the pedigree. C0158 has produced excellent carcase outcomes of: avg. M/S 7.3 and C/W 443kg over 12 analysed carcasses.

NOTES: Sumo Mr Marble S265 is a son of Goorambat Mr Marble K483, who is the #1 highest ranking son of legendary foundation sire - Shigeshigetani, one of the most well rounded and consistent carcass sires. S265 has balance across all maternal traits, growth and marbling and is free from all recessive conditions.

Carcass data within this pedigree show: Sumo Kan D228, avg. M/S 10 and C/W 448kgs over 2 progeny, and Sumo Itoshigenami X065, avg. M/S 7.3 and C/W 411kgs over 6 analysed carcasses. Great pedigree backing in this bull.

NOTES: Sumo Itoshigenami S315 is free of all recessive conditions and is sired by Itoshigenami C0158 - the sire of Coates Itoshigenami G113, one of the highest ranked bulls in Australia. C0158 is a proven carcase performer and has produced excellent carcase results achieving an avg. M/S 7.3 and C/W 443kg over 12 analysed progeny. The sire, C0158 also maintains balance across breeding values due to the presence of superior matriarch cow line TF Dai 2 Kinntou 3 in the pedigree.

Additional data on the maternal side: Sumo Itoshigenami C0151 has produced avg. M/S 7.5 with avg. C/W 424kg over 29 carcasses.

 FUJFT0004 FUJI CHIYOTAKE 4 (AI) (ET)

NOTES: Sumo Hirashigetayasu S471 is ranked top 10% with carcase weight EBV of +46kgs, and top 10% SRI of +\$238. His pedigree includes such greats as: TF148 Itoshigenami - who is considered to be one of the most influential and consistent marbling foundation sires of the Australian Wagyu Industry, and TF151 Itozurudoi who imparts good growth and maternal traits to progeny. The dam, Sumo Nami P504 is a daughter of Sumo Itoshigenami X0065, who has produced 3 carcasses with an average M/S of 7.3 and C/W of 411kgs.

NOTES: Great opportunity -Sumo Itozurudoi 22T081 is a grandson of highly sought after foundation sire - TF151 Itozurudoi. The main attraction with TF Itozurudoi progeny is in their ability to produce both effective feeder production along with strong maternal development. This is reflected in the data for 22T081 who boasts great balance across all maternal traits - milk (+4) and carcass weight (+63kgs). 22T081's dam, Sumo Nami G172, is sired by proven carcass performer: Sumo Itoshigenami C0158, who imparts additional balance across all breeding values.

NOTES: Sumo Michifuku P647 has been identified as the highest Marble Score ranked son of sire: Sumo Michifuku F126. Feedlots are raving about recent carcass data from proven performer F126, who has recorded an Avg. M/S 8.3 and carcass weight of 436kg on 55 carcass progeny. This same mating (F126 x D220) has produced average M/S 10 and 429kg - proven genetics.

P647's dam: Sumo Nami D220 is one of Sumo Wagyu's most consistent and valuable flush cows, who has also proven her carcass potential recording two M/S 10 progeny. Sumo Michifuku P647 presents a recessive free opportunity to dramatically increase marble score (+2.6), carcass weight and milk in resulting progeny.

EXPORT QUALIFIED TO USA, CANADA, BRAZIL, ARGENTINA, PARAGUAY, SOUTH AFRICA and NEW ZEALAND.

NOTES: Door Key P158 is an outstanding son of the proven high performing sire: Longford Mr Awesome, winner of the AWA and Stockyard Kerwee Feedlot Sires Progeny Test and Net Feed Intake Awards 2021. Mr Awesome's Top 1% Marble Score and SRI Breedplan rankings are well supported with over 94% accuracy in M/S EBV of +2.9 (59 carcass progeny). Sumo Wagyu selected Door Key P158 due to his high marbling potential. P158's pedigree is backed up with proven carcass performance from the material sire: Macquarie Wagyu Y408 who boasts a +2.3 M/S EBV with over 94% accuracy (62 carcass progeny). Unique opportunity to secure a first release of semen from this bull.

SMOFK0136 x SMOFQ0051

2 EXPORT Embryos

GRADE: FULLBLOOD
SIRE GENETICS: B3F, CHSF, CL16FU, F11F, IARSF
DAM GENETICS: B3F, CHSF, CL16F, F11C, F13F, IARSFU
STORED AT: Total Livestock Genetics, Victoria, AUS
 and Brushy Creek Custom Sires, Texas, USA

EXPORT QUALIFIED | SMOFQ0051 SMOFK0136
 QUALIFIED FOR EXPORT TO USA, CANADA, UK and EU.

NOTES: Sumo Fuku K136 is sired by one of Sumo's most prominent marbling bulls: Sumo Michifuku F126 (SMOFF0126). F126 is a consistent performer, producing an average AUS M/S of 8.3 and average C/W of 436kg over 55 analysed carcasses. Sumo Fuku K136 has an enviable fertile history producing large numbers of A grade embryos from each flush. She has been joined to Sumo Monjiro Q51, who delivers powerhouse carcass performance with top rankings in both carcass weight and marble score. Free of all recessive conditions, Q51's pedigree is a perfect example of counterbalancing and maternal performance traits. The resulting embryos from this mating are of an excellent standard and rank high across all four Wagyu Breeder Indexes.

The embryo package consists of 2 export embryos frozen in ethylene glycol for direct transfer.

NOTES: Sumo Aizakura Q86 has an outstanding genetic makeup with 3 sires represented by: Sumo Michifuku F154, Shikikan and TF Itozurudoi. TF Itozurudoi has great maternal traits as well as tremendous carcass qualities. The dam of Q86 (Sumo Kan D205) has produced 2 steer carcasses averaging M/S 10 and C/W of 465kg. Q86 has been mated to Sumo Michifuku P647, who has been identified as the highest marble score ranked son of sire: Sumo Michifuku F126. Feedlots are raving about carcass data from proven performer F126, who has recorded an average M/S 8.3 and C/W of 436kg on 55 carcass progeny.

This embryo package consists of 2 export embryos frozen in ethylene glycol for direct transfer, and are of an excellent standard.
